

Artificial Intelligence Policy for the 2024-25 School Year
Ss. Robert and William Catholic School
Diocese of Cleveland

Intent: Students may, in the administration's and faculty's discretion, learn how to use artificial intelligence ("AI") text generators and other AI-based assistive resources (collectively, AI tools) to enhance rather than damage their developing abilities as writers and thinkers. The following requirements constitute our school's AI use policy, in addition to all of the requirements in our Code of Conduct.

Students shall:

- Not use AI tools in connection with any assignments, quizzes, tests, or examinations unless explicitly permitted and instructed and in such case students must following the instructions for AI use;
- Give credit to AI tools whenever used, even if only to generate ideas rather than usable text or illustrations;
- Use AI tools wisely and intelligently, aiming to deepen understanding of subject matter and to support learning rather than as a replacement for student work.

Instructors will:

- Seek to understand how AI tools work, including their strengths and weaknesses, to optimize their value for student learning;
- Employ AI detection tools where appropriate to evaluate the degree to which AI tools have likely been employed.
- Impose an appropriate disciplinary consequence for inappropriate use of AI tools.

I have read and understand the Ss. Robert & William Catholic School 2024-2025 Artificial Intelligence Policy. I accept and agree to follow this policy. I further understand that any violation of this Artificial Intelligence Policy will result in serious consequences including, but not be limited to, the restriction or loss of network and/or device privileges as well as other disciplinary actions. The Administration reserves the right to the final interpretation and decision of consequences in all Artificial Intelligence Use matters.

As a parent/guardian of the above student, I understand that my child will be responsible for abiding by the Artificial Intelligence Policy. I have read and discussed these policies in their entirety with him/her and we understand the responsibility they have in using Artificial Intelligence while at Ss. Robert & William Catholic School and at home.
