

Google Workspace Policy for the 2025-2026 School Year

Ss. Robert and William Catholic School

At Ss. Robert and William Catholic School we use Google Workspace for Education, and we are seeking your permission to provide and manage a Google Workspace for Education account for your child. Google Workspace for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At Ss. Robert and William, students will use their Google Workspace for Education accounts to complete assignments, communicate with their teachers, sign into their Chromebooks, and learn 21st century digital citizenship skills.

The notice below provides answers to common questions about what Google can and can't do with your child's personal information, including:

- What personal information does Google collect?
- How does Google use this information?
- Will Google disclose my child's personal information?
- Does Google use student personal information for users in K-12 schools to target advertising?
- Can my child share information with others using the Google Workspace for Education account?

Please read it carefully, let us know of any questions, and then sign below to indicate that you've read the notice and give your consent. If you don't provide your consent, we will not create a Google Workspace for Education account for your child. Students who do not have Google Workspace Accounts will need to complete all assignments on paper.

Google Workspace for Education Notice to Parents and Guardians

This notice describes the personal information we provide to Google for these accounts and how Google collects, uses, and discloses personal information from students in connection with these accounts.

Using their Google Workspace for Education accounts, students may access and use the following "Core Services" offered by Google (described at https://workspace.google.com/terms/user_features.html):

- Assignments
- Calendar
- Classroom
- Cloud Search
- Drive and Docs
- Gmail
- Google Chat
- Google Chrome Sync
- Google Meet
- Google Vault
- Groups for Business
- Jamboard
- Keep
- Migrate
- Sites
- Tasks

In addition, we also allow students to access certain other Google services with their Google Workspace for Education accounts. Specifically, your child may have access to the following **“Additional Services”**:

- Ss. Robert and William uses YouTube for educational purposes. Students are not able to create content. All content is blocked via GoGuardian. Only teacher approved videos are available.

Further, we allow students to access additional third-party services with their Google Workspace for Education accounts. Our school administrator enables access to these third-party services with your student’s Google Workspace for Education account, and authorizes the disclosure of data, as requested by the third-party services. These third-party services are all educational programs (i.e. Amplify Reading, eSpark, etc.)

What personal information does Google collect?

When creating a student account, Ss. Robert and William may provide Google with certain personal information about the student, including, for example, a name, email address, and password. Google may also collect personal information directly from students, such a profile photo added to the Google Workspace for Education account.

When a student uses Google core services, Google also collects information based on the use of those services. This includes:

- account information, which includes things like name and email address.
- activity while using the core services, which includes things like viewing and interacting with content, people with whom your student communicates or shares content, and other details about their usage of the services.
- settings, apps, browsers & devices. Google collects information about your student’s settings and the apps, browsers, and devices they use to access Google services. This information includes browser and device type, settings configuration, unique identifiers, operating system, mobile network information, and application version number. Google also collects information about the interaction of your student’s apps, browsers, and devices with Google services, including IP address, crash reports, system activity, and the date and time of a request.
- location information. Google collects information about your student’s location as determined by various technologies such as IP address and GPS.
- direct communications. Google keeps records of communications when your student provides feedback, asks questions, or seeks technical support

How does Google use this information?

In Google Workspace for Education Core Services, Google uses student personal information primarily to provide the core services that schools and students use, but it’s also used to maintain and improve the services; make recommendations to optimize the use of the services; provide and improve other services your student requests; provide support; protect Google’s users, customers, the public, and Google; and comply with legal obligations. See the [Google Cloud Privacy Notice](#) for more information.

Does Google use student personal information for users in K-12 schools to target advertising?

No. There are no ads shown in Google Workspace for Education core services. Also, none of the personal information collected in the core services is used for advertising purposes.

Can my child share information with others using the Google Workspace for Education account?

We allow students to access Google services such as Google Docs and Sites, which include features where users can share information with others or publicly. For example, if your child shares a photo with a friend who then makes a copy of it, or shares it again, then that photo may continue to appear in the friend's Google Account, even if your student removes it from their Google Account. When users share information publicly, it may become accessible through search engines, including Google Search. However, students are not able to share information with anyone outside the Ss. Robert and William Google Workspace domain.

Will Google disclose my child's personal information?

Google will not share personal information with companies, organizations and individuals outside of Google except in the following cases:

With our school: Our school administrator will have access to your student's information. For example, they may be able to:

- View account information, activity and statistics;
- Change your student's account password;
- Suspend or terminate your student's account access;
- Access your student's account information in order to satisfy applicable law, regulation, legal process, or enforceable governmental request;
- Restrict your student's ability to delete or edit their information or privacy settings.

With your consent: Google will share personal information outside of Google with parental consent.

For external processing: Google will share personal information with Google's affiliates and other trusted third party providers to process it for us as Google instructs them and in compliance with our [Google Privacy Policy](#), the [Google Cloud Privacy Notice](#), and any other appropriate confidentiality and security measures.

For legal reasons: Google will share personal information outside of Google if they have a good-faith belief that access, use, preservation or disclosure of the information is reasonably necessary for legal reasons, including complying with enforceable governmental requests and protecting you and Google.

What choices do I have as a parent or guardian?

First, you can consent to the collection and use of your child's information by Google. If you don't provide your consent, we will not create a Google Workspace for Education account for your child, and Google will not collect or use your child's information as described in this notice.

If you consent to your child's use of Google Workspace for Education, you can access or request deletion of your child's Google Workspace for Education account by contacting Mrs. Chamberlin. If you wish to stop any further collection or use of your child's information, you can request that we use the service controls available to access personal information, limit your child's access to features or services, or delete personal information in the services or your child's account entirely. You and your child can also visit <https://myaccount.google.com> while signed in to the Google Workspace for Education account to view and manage the personal information and settings of the account.

What if I have more questions or would like to read further?

If you have questions about our use of Google’s Google Workspace for Education accounts or the choices available to you, please contact Mrs. Chamberlin. If you want to learn more about how Google collects, uses, and discloses personal information to provide services to us, please review the [Google Workspace for Education Privacy Center](https://www.google.com/edu/trust/) (at <https://www.google.com/edu/trust/>), the [Google Workspace for Education Privacy Notice](https://workspace.google.com/terms/education_privacy.html)(at https://workspace.google.com/terms/education_privacy.html), and the [Google Privacy Policy](https://www.google.com/intl/en/policies/privacy/) at <https://www.google.com/intl/en/policies/privacy/>), and the [Google Cloud Privacy Notice](https://cloud.google.com/terms/cloud-privacy-notice) at (<https://cloud.google.com/terms/cloud-privacy-notice>).

The Core Google Workspace for Education services are provided to us under [Google Workspace for Education Agreement](https://www.google.com/apps/intl/en/terms/education_terms.html) (at https://www.google.com/apps/intl/en/terms/education_terms.html) and the Cloud Data Processing Addendum (as <https://cloud.google.com/terms/data-processing-addendum>).

I give permission for Ss. Robert and William Catholic School to create/maintain a Google Workspace for Education account for my child and for Google to collect, use, and disclose information about my child only for the purposes described in the notice below.
